

AI Workplace Decision Checklist

Use this quick reference before you rely on generative AI at work.

BEFORE YOU USE OR ACT ON AI-GENERATED CONTENT

1

PROMPT WITH PURPOSE

- ☐ State the goal: What do you need AI to help you accomplish?
- ☐ Add relevant context the tool needs to understand the task.
- ☐ Identify the audience and the desired output or format.

2

PROTECT INFORMATION

- ☐ Do not enter personal, confidential, or proprietary information.
- ☐ Follow your organization's AI, privacy, and data-use policies.
- ☐ When in doubt, leave sensitive information out.

3

CHECK BEFORE YOU TRUST

- ☐ Check the source and verify important facts, names, dates, and calculations.
- ☐ Look for bias, assumptions, missing perspectives, or misleading claims.
- ☐ Consider whether the response fits the actual workplace context.

4

YOU DECIDE

- ☐ Use your expertise and judgment to interpret and improve the output.
- ☐ Do not treat AI recommendations as automatic decisions.
- ☐ Take responsibility for the final decision and its consequences.

PAUSE. VERIFY. DECIDE.

AI can assist. You remain accountable.
